Use 8 ft. sheet. Fold sides down over spa rim and stick to adhesive tape.

Wrap spa cover in 15 ft. of polyfilm and secure with tape, as shown, before placing on spa.

Use six washers (Item 7) in each of these two places.

NOTE: Skirt side is removed to secure pallet assembly and positioned here in box when shipping.

NOTE: Crating side panels are 1 x 4 wood and are to be constructed locally. They are not available as repair parts.

Repair Carton Assembly
(Order by Assembly Number 6196000)

Limited 90-Day Warranty on Replacement Parts

Warranty Coverage

Jacuzzi Whirlpool Bath (the "Company") provides a limited material and labor warranty on its replacement parts.

Our warranty extends to the original purchaser of the replacement parts who buys it for use in a Company product used for personal, family or household purposes ("user"). It does not extend to purchasers who intend to resell the product. Additional limitations apply to commercial users, and special rules apply to dealers and distributors.

Our warranty is ninety (90) days, beginning on the date the replacement part was installed or purchased by the user, whichever is later.

Our warranty covers: All replacement parts against defects in material or workmanship, or failure to operate in accordance with the performance ratings for the part.

Without charge to the user, the Company will, at its option, either repair the defective part or replace the defective part.

Warranty Service

In order to obtain service provided under this warranty, during regular business hours contact the Jacuzzi Whirlpool Bath Authorized Service Agent or the Dealer/Distributor who sold the part and describe the problem. (See the white pages of your local telephone book for the location of the nearest Authorized Service Agent.) An Authorized Service Agent will contact the user, inspect the system, and provide the service described herein.

Warranty Limitations

Our warranty is limited and does not cover defects, damage, or failure caused by the installer, user or other person, including but not limited to the following: Improper installation or installation not in accordance with the instructions and specifications provided with the part or system; any type of modification of any part or component, including modification to meet local codes; misuse; lack of maintenance or improper maintenance of operation; use of chemicals in units with glass-lined fixtures; improper connections by the installer; improper voltage supply; careless handling; operation of the system without minimum amount of water in the vessel as specified in the Operating Instructions; acts of God.

In addition, the Company will not be responsible for any incidental or consequential damages or losses, direct or indirect, arising from any cause whatsoever, shipping damage, alleged factory damage or defect which was not reported to the Company prior to installation, compliance with local building codes.

Commercial Limitations

In addition to the user Warranty Limitations, our warranty does not cover commercial installations where the part or system has been altered or modified in any way. The part or system is sold on an "as is" basis, and the Company is not responsible for loss of use or profit under any circumstances.

Implied Warranties

Implied warranties of merchantability and fitness for a particular purpose, to the extent that they are applicable, are limited to ninety (90) days from the date of purchase or installation, whichever is later.

Notice: This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. There are no warranties applicable to Jacuzzi Whirlpool Bath producers except as expressly stated herein or as implied by applicable state and Federal laws. The Company will not be responsible for any statements or representations made in any form that go beyond, are broader than, or are inconsistent with authorized literature or specifications furnished by the Company. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. Also, some states do not allow the exclusion of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Responsibility to Others

Inspecting the replacement part prior to installation is the responsibility of the user or installer or building contractor who acts on behalf of the user. He is responsible for ensuring the replacement part is free of defects or damage. In the event of a problem, the replacement part must be installed. The Company is not responsible for defects or damage that could have been discovered, repaired, or avoided by inspection and testing the replacement part prior to installation.

Damage occurring to the replacement part during or after installation is the responsibility of the installer and/or building contractor.

PRODUCT SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE

Jacuzzi Whirlpool Bath has obtained applicable code (standards) listings generally available on a national basis for products of this type. It is the responsibility of the installer/owner to determine specific local code compliances prior to installation of the product. Jacuzzi Whirlpool Bath makes no representation or warranty regarding, and will not be responsible for any code compliance.
